WSI ANNOUNCES PARTNERSHIP WITH THE RK LOGISTICS GROUP, INC.

APPLETON, WI, Feb 20 2008 – WSI (Warehouse Specialists, Inc.), a national provider of integrated logistics and supply chain solutions, is pleased to announce a strategic partnership with California-based transportation and logistics company The RK Logistics Group, Inc. a provider of domestic and international supply chain solutions.

The mutually beneficial arrangement will offer RK Group customers the breadth of WSI's nationwide distribution network, while increasing WSI's service flexibility through a trusted provider in the San Francisco Bay Area. While the two companies will share resources, the arrangement will protect the integrity of existing customer relationships.

"We look forward to helping each other compete more effectively," commented Mike Udermann, Sales/Marketing, WSI." WSI will be better positioned to serve customer needs in the Bay Area and beyond, while RK Group customers will benefit from the coast-to-coast reach and consistent national service that WSI delivers. Both companies complement each other well."

Recognized as a Top 20 Warehouse Provider and Top 100 3PL, WSI is one of the nation's largest privately held logistics companies. WSI delivers reliable, integrated logistics and supply chain solutions designed to increase efficiency and reduce costs. A long-standing company promise of Condition, Count & TimeSM ensures dependable, accurate and timely performance. WSI solutions include third party logistics, warehousing/distribution, fulfillment, transportation, import/export, information technology and customer support services. WSI's broad national distribution network enables next-day delivery to the majority of the U.S.

The RK Logistics Group, Inc., also a Top 100 3PL, is an integrated full-service transportation and logistics provider headquartered in Milpitas, CA. The RK Group's transportation experts work directly with clients to tailor solutions to specialized distribution needs, whether by land, sea or air. Customers include Fortune 500 companies within the semiconductor, electronics, solar, communications, medical, retail, cosmetics, food/beverage, manufacturing and pulp and paper industries.
