

International Air and Ocean

I've really appreciated the personal attention and responsive services that we have always received from The RK Group. Great Job.

Director of Operations
Electronic Consumer Products

The RK Logistics Group offers a strategic worldwide network of exclusive partners and agents from multiple steamship lines and airlines to take care of all your universal business and international transportation needs.

We can help you take your business global by supplying essential import and export transportation to help you navigate the intricacies of shipping anywhere in the world. Whether it's knowledge of the free trade zone or duty free areas, we understand the details, requirements and options available. The RK Logistics Group provides the international transportation expertise to save you valuable time and money.

Through our comprehensive global network of international partners, we can arrange ocean or air freight door-to-door, under a "one stop shop" solution.
