

RK
LOGISTICS GROUP

EXCELLING IN **HIGH QUALITY,**
CUSTOMIZED SOLUTIONS

FREIGHT BROKERAGE SERVICES

RK Logistics Group provides full-service, comprehensive freight brokerage services designed to meet virtually any customer need for local, regional, national and international freight transportation. The end result is a high-service, competitively priced offering with assured quality through our 3PL+ service unique to the RK culture. Key elements of our brokerage service offering include:

- + As an independent agency affiliated with Mode Transportation, access to over 30,000 carriers and more than 2,000,000 pieces of equipment across North America, delivering a fully integrated transportation network able to fulfill customers unique shipping requirements.
- + Family owned and operated with the ability to tailor transportation services precisely for unique shipment needs, and provide seamless management solutions aligned with customer objectives
- + Convenience and simplicity of a single provider with low overhead which translates into a competitive pricing and responsive service.
- + Personal attention and a core philosophy focused on providing the customer with consistency—in planning, communication, execution and measurable results.
- + Ability to integrate brokerage with other logistics services for comprehensive supply chain solutions.

TRUCKLOAD

Full service planning, capacity management and execution for full-truckload shipments. Our solutions are tailored to fit the individual needs of each customer—from freight analysis to quoting to load matching and execution. We ensure shippers receive the best-cost and service capacity solution aligned with transit needs, and our carriers get the right freight for their operations.

LESS -THAN-TRUCKLOAD

We understand that not every business functions the same. Our transportation experts can tailor a shipping program to handle any LTL shipping need—from package to pallet. Our team of specialists will analyze your freight flows, leverage our managed spend to negotiate pricing, customize a routing guide specific to your lanes, and coordinate start-up to ensure a smooth transition.

RK LOGISTICS GROUP

3PLUS+ REDEFINING 3PL

INTERNATIONAL

Our Global expertise and network of integrated ocean and air carriers supply our customers with international shipping solutions tailored to their specific needs and challenges.

INTERMODAL

Access to TOFC and COFC capacity provides our customers with greater flexibility and cost-effective transport options. Our experience, relationships and proven expertise provide lower cost alternatives and exceptional service for intermodal transportation.

HEAVY HAUL

RK Logistics provides safe, reliable and efficient flatbed, step deck, industrial machinery, steel trucking, specialized moves and secured Government freight trucking and transportation services to fit all customers needs.
